Market View: Expect Range bound Week, with Intraday Action and Sectoral Movers & Shakers

Don't Expect market to break out in a hurry. For Long Innings by markets, a healthy base building is need of the time. On down side also BEARS' Best seems to be over. Q2 Results build up will be starting next week. Correction may be seen over heated sectors like Telecom, Cement, IT, Engineering etc. giving opportunity to investors. Large PSU Banks, select private banks, NBFCs (REC, PFC, IDFC, LICHF etc.), Power Sector may also see buying interest. ADAG scrips may cool-off.
