**Market View: Use Rallies to exit Weak scrips & Its time to aggressively BUY Blue-Chips on dips**

Its time to increase Cash-In-hand level by getting away from Weak scrips. There wont be any run away rally. Even if markets go up, some Blue Chips will correct giving opportunity to get in. Like IT saw some pressure on Friday, some day financials will correct, some day Cyclical (Metals, Oil & Gas)...those days are for investors to get in.
